6. Adjourn

New Board Member Biographies

Jeff Chiarenzelli is a field geologist who enjoys all aspects of geology and environmental science. Jeff has been a St. Lawrence University faculty member in the geology department since 2006 and has been awarded the James Henry Chapin Professorship of Geology and Mineralogy. At the college Jeff teaches courses in mineralogy and geochemistry and supervises a wide variety of undergraduate research. Jeff is a 1981 graduate of St. Lawrence University and holds a master's degree from Carleton University in Ottawa and a Ph.D. from the University of Kansas. Jeff previously taught at SUNY Potsdam and was a research associate at SUNY Oswego's Environmental Research Center. He has done extensive research on Precambrian rocks that make up the Canadian Shield and the Adirondacks.

Jeff Denkenberger graduated in 2004 from SUNY ESF with a BS in Forest Resource Management. He was hired by Finch & Pryun as a District Forester and then went on to manage two satellite offices for Forecon Inc. a Forestry and Natural Resource consulting firm in Central NY for almost 8 years. His main responsibilities were overseeing the management of approximately 40,000 acres of forestland in Central and South Central NY as well as Central PA, selling standing timber for non-industrial private landowners along with selling recreational and timberland real estate throughout NY State. In March of 2014 Jeff was hired by Molpus Timberlands Management as a Division Forester which carries the responsibility of overseeing approximately 130,000 acres in the Adirondack Park.
